

NEO SET 100

Amplified loudspeaker system

* Available in black or white finish

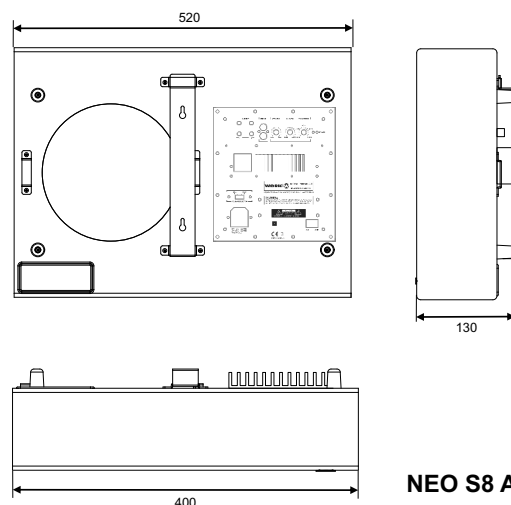

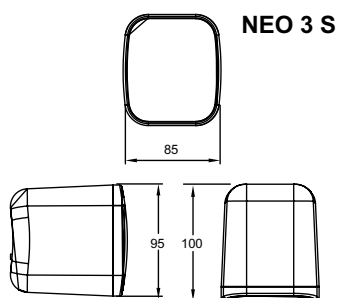

Now, contractors have an ally for their installations and residential projects. The new **NEO SET 100** is a stylish and elegant audio system that will create the perfect background atmospheres. This set is composed of two full range **NEO 3 S** installation loudspeakers and one **NEO S8 A 2.1** acting as amplified subwoofer.

The **NEO SET 100** concept and design make possible to integrate this system in every project. It includes independent volume controls and the possibility to set the crossover frequency, which gives the contractors a greater control of the whole installation, adapting the system to the specific type of audio source.

This set is available in black and white finish and is sold within an attractive packaging for end-users.

Dimensions

* In mm.

Features

NEO 3 S

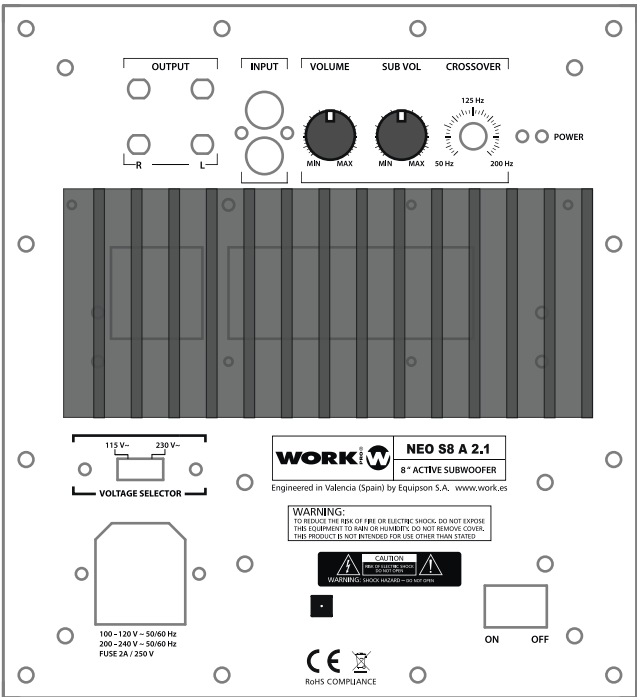

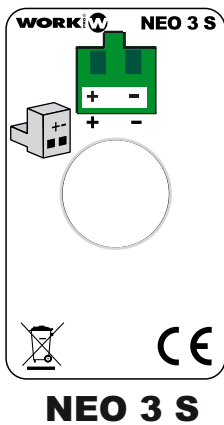

- Full range loudspeaker designed for fixed installations
- 50W R.M.S. @ 8Ω
- Built-in overloading protection
- Aluminium grille for a long lifetime
- Plastic wall-mount bracket with fast mounting system (included)
- Mounting bracket enables pan and tilt
- Euroblock screw terminal for easier installation.

NEO S8 A 2.1

- Self-powered Subwoofer.
- Balanced LINE level input.
- 8" woofer with double coil.
- Amplifier power: 40W (Subwoofer) + (20W+20W satellites).
- Master and subwoofer separated volume controls.
- Crossover frequency adjustment (50 Hz-150 Hz).
- Selectable main supply AC 115V/230V.
- Made of MDF wood.
- Fixation handle(vertical/horizontal).

Specifications

Model:	NEO 3 S
Elements:	2.5" Woofer
Low impedance load:	50W RMS (8-) (with overload protection)
Frequency response:	150 Hz - 20 kHz
Sensitivity:	87 dB (1W/1m)
Max. SPL:	100 dB (1m)
Material (enclosure):	ABS plastic
Material (grille):	Aluminium
IP rating:	IP 45
Connection type:	2 pin Terminal Euroblock
Finished colour:	RAL 9003 (W) / RAL 9004 (B)
Dimensions:	95 x 85 x 100 mm
Weight:	0,5 kg (each)

MODEL		NEO S8 A 2.1
	Type	Self-powered subwoofer
Elements	Woofer	8" woofer
Type		Double coil
Impedance	LINE	22 kΩ
Max. input level	Input	0.775V rms
AMPLIFIER		
Output power		40 W rms (Subwoofer) + (20W+20W satellites)
Frequency Response		35 Hz - 20 kHz
Crossover frequency		50 Hz - 200 Hz (selectable)
Main supply		AC 115V /230V (selectable)
Connectors		RCA connectors (balanced L - R inputs)
Fixation system		Fixation handle horizontal/vertical (interchangeable)
Material		MDF wood
Colors		Black and White
Dimensions		520 x 400 x 130 mm
Weight		9,6 kg
