

DL3

Compact LED Downlight

Key Features

- Energy saving LED solution, nominally only 1.2W circuit watts
- Choice of fixed colour LEDs to suit many applications and colour scheme
- Quick and simple to install with a simple push fit into them correct aperture
- Very shallow 10mm recessed depth, and discreet 32mm diameter
- Choice of bezel colour finishes
- Ideal for interior applications

Lamp Colour Options

- | | |
|-------------------------|----------------------|
| CW Cool White | R Red |
| NW Neutral White | G Green |
| WW Warm White | RB Royal Blue |
| A Amber | |
| C Cyan | |

Bezel Colour Options

- MW - Matt white MS - Matt silver
B - Black

Materials

Body/Bezel - Moulded PVC

Lamp Option

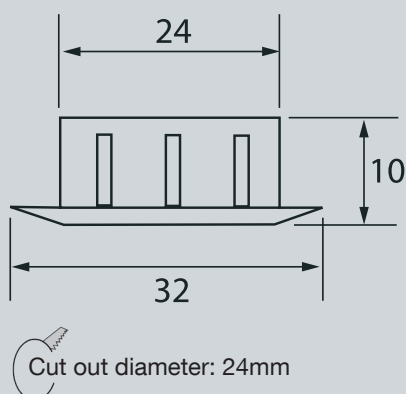

- 1W LED

Beam Angles

With a depth of just 10mm, the DL3 is ideal for very shallow recessing depth requirements. With a simple push fit arrangement, these fittings are secured with a friction fit into the aperture. The petit dimensions, DL3 is just 24mm diameter, make this an ideal solution for adding visual interest to a wall or ceiling or for discreet feature display lighting, within a display case for example. DL3 is available in a choice of fixed colours and bezel finishes to further enhance its flexibility.

Dimensions

Weight

- 0.16kg

DL3

Compact LED Downlight

Installation

- Suitable for indoor applications only
- Recessed into mounting surface, retained with interference fit
- Requires 24mm diameter cut out
- 300mm lead supplied with 2-pole AMP connector

Power Input

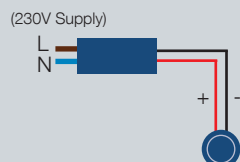

- 350mA

Power Consumption

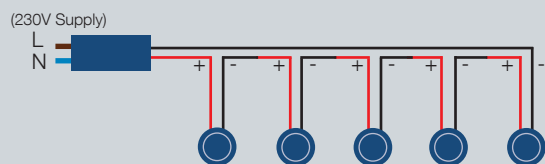

- 1.2W

Wiring Diagrams

Single fitting wired in series

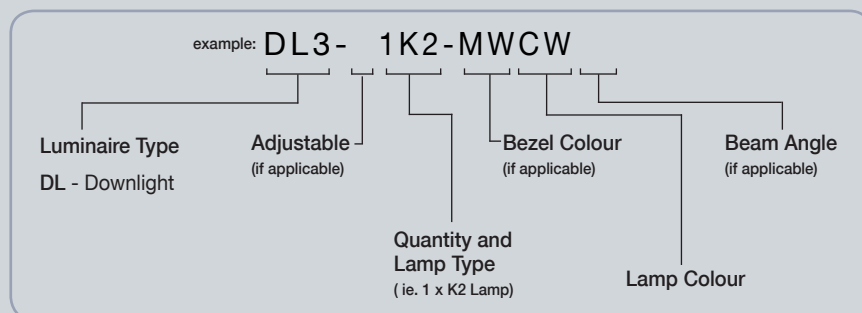

Multiple fittings wired in series

Recommended Drivers & Cables

- Driver to be ordered separately.
- Recommended fixed output drivers: LS-DPL MAXi Driver Series.
- LS-DPL will drive between 1 and 9 LEDs depending on the model see non-dimmable drivers datasheet for details.
